

RESUME

Name :- Nirmalsing Jitendrasing Rajput
Mob No :- 08010649891
Email Id :- nirmal12796@gmail.com
Address :- 63,Harchand Nagar Dondaicha, Tal- Shindkheda, Dist-Dhule (MH)
Pin- 425408.

ABOUT ME

Highly motivated and detail Oriented Fresher java with a passion for developing Efficient and reliable software solutions.

EDUCATION

- | | | |
|--------------------|-----------|----------|
| • BE In Mechanical | 2018-2021 | 7.71cgpa |
| • Diploma | 2015-2018 | 66.41% |
| • 12 th | 2013-2014 | 52.77% |
| • 10 th | 2011-2012 | 65.82% |

Certification:- Completed java development course and Internship from right way learning Institute pune.

Duration:- Dec 2022 to Nove 2023.

SKILLS

- **PROGRAMMING LANGUAGES :**
Core Java 8,SQL,HTML,CSS
- **FRAMEWORK :**
Spring Boot 3, Spring IOC, Spring Boot data JPA,
Spring Boot Rest API, Spring Boot MVC, Hibernate core with JPA annotations.
- **TOOLS & MISCELLANEOUS :**
Git with GitRepository, Maven, Eclipse IDE, STS, VS code, Postman API client, J-unit, MySQL workbench.
- **KNOW SERVERS :** Apache Tomcat web server 9.
- **DATABASE :** MySQL.
- **CLOUD SERVICES:** **AWS**(EC2,S3,RDS,CLUSTER,CLOUD WATCH,ETC).

Infrastructure as code: cloud formation.

Networking: VPC, Route 53.

GOOD KNOWLEDGE :

- Good knowledge of **Server/Client-side** Programming development by using all Java API & related Technologies.
- Practical knowledge in Application development using **Hibernate and Spring Boot** frameworks.
- Practical knowledge in web Application development using open source **MVC** implementations like **Spring Frameworks**.
- Practical knowledge in Object-Oriented Programming and design skills.
- Hands-on experience in using Application/Web servers like **Tomcat Server**.
- Good understanding & knowledge working in client-services architecture & web-based project development.
- Practical knowledge of Rest API-based web services development.

PROJECT :

- **Project Name : Employee Management System.**
- **Technology Used :** Java 8, Rest API using Spring Boot, MySQL, Hibernate Core, Angular.
- **Description :** In this project, I created Restful web services & integrated them inside Angular for developing an admin dashboard of the website which is capable of doing CRUD operations.

LANGUAGE KNOWN :

- English
- Hindi
- Marathi
